You will have the opportunity to see the students' Holiday Season performance. After that all children can make their own traditional surovachka to bring about health and good luck during the new year. Parents are welcome to help them with this project. As usual, we expect Santa to visit the school and give present to the children. **Parents, please bring a small gift for your child/children for Santa to present it to them**

. The festivities will continue with a potluck party, for which everybody is welcome to bring a dish of their choice. Weather permitting, we can set the tables in the park of the recreation center, so that the children are able to use the playground easily.

Heartfelt thanks to all of you for the your enthusiasm and support! May the new 2011 bring you a wealth of health, smiles, energy and good luck!  
Happy holidays!
