ДИМАНА

Folk group Dilmana is primarily composed of women, gathering to study and play Bulgarian traditional dances ("horo") from all regions of Bulgarian folklore. Everybody is welcome as long as he enjoys our music and horo. These meetings relax us from the daily grind as we socialize and help each other with information and advices in our native language. Charged with positive emotions we are ready for the work week. We also perform choreographed dances at some major holidays and Bulgarian gatherings.
